Zilmet Flat Tank Union

Small in Size, BIG in Features

- Union enables threading a Flat Tank to system piping against the wall
- 2-way Check Valve allows Flat Tank removal from a pressurized system
- Eliminates the need for a separate Isolation Ball Valve
- Homeowner tamper-resistant
- Small and compact size minimizes cost and space required
- Easy to thread to the system due to wrench flats machined into fitting
- Shipped with every Zilmet Flat Tank
- Sold separately as Zilmet Model #ZFT-U
