

ITEM# TBM-MR

TI-BONE MINI-14 MILLED REPLACEMENT FACE W/ BOLT KIT

The Stiletto TBM-MR is a 3 Oz. Replacement Milled Hammer Face for Mini-14 hammer models. The replacement hammer face has a durable steel Milled face for gripping nail heads to prevent slipping. The replacement kit contains a replacement Steel face, Bolt, Hex Key, lock-washer, Loctite bottle, instructions, and Leather washer part(For older TiBones). The TBM-MR replacement face is made of heat treated high-carbon Steel for long service life. Stiletto Tool Company has been synonymous with high quality hand tools dating back to 1849. With its long history and strong reputation, the brand has evolved into the modern day standard for innovative, lightweight, ergonomic, productive, and professional tools. We set the standard with our line of premium titanium hand tools that span numerous trades such as framing, remodeling, finish work, siding, demolition, concrete, and drywall. Titanium is 45% lighter weight while providing the same striking force and strength as steel. Titanium tools also produce 10 times less recoil shock which helps reduce carpal tunnel syndrome. The combination of these features means less down time, more productivity, and most importantly less pain while working.
