

Wall-Mount Sensor Liquid Soap Dispenser

WASH UP TOUCH-FREE, WORRY-FREE

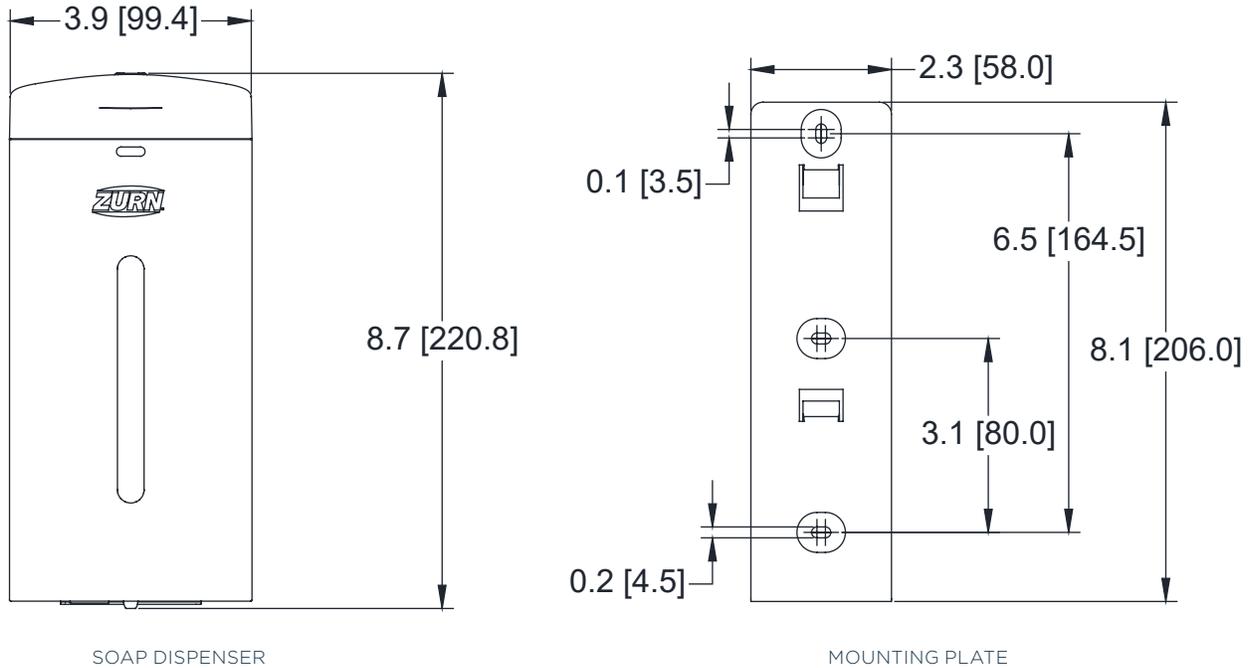

Clean hands put everyone at ease. Zurn's Sensor Liquid Dispenser precisely dispenses either liquid soap or hand sanitizer at ranging distances, so there's no sudsy surprises or wimpy releases. Its stainless steel construction makes it ideal for commercial restrooms. Battery power allows for quick installation and swapouts.

Z6900-SD-WM

- Measured distribution encourages hand hygiene without being wasteful
- Hand sanitizer compatibility allows you to interchange solutions within your facility
- Precise touchless operation reduces the opportunity for germ transference
- Adjustable sensor range ensures accurate user detection (2" - 6")
